

COOKIE POLICY

The purpose of this policy

According to Section 155 (4) of Act C of 2003 on Electronic Communications, information may be stored or accessed on the electronic communication terminal equipment of a user only upon the user's prior consent granted in possession of clear and comprehensive information about the implications.

Further, as per Article 6 of Regulation (EU) 2016/679 of the European Parliament and of the Council (GDPR), information that qualifies as personal data can only be processed on a valid legal basis.

The purpose of this policy is to provide information regarding our use of cookies on the website www.bogdanypetrol.com and in case the use of said cookies constitutes data processing, the most important features of the data processing.

Basic concepts that help you understand this policy

What is personal data?

Personal data can be any data or information based on which a natural person can be directly or indirectly identified.

For example, an IP address can qualify as personal data, because under certain circumstances it can allow the identification of the user accessing a website from the given IP address. The geographic location of the device used to access the website can also qualify as personal data.

What is data processing?

Data processing means all actions performed on personal data, including, among others, the collection, storage or deletion of personal data (e.g. gathering IP addresses).

What does data controller mean?

The data controller is the person or organization (usually a company) responsible for specifying the purpose and means of data processing.

In the case of so-called session cookies (see below), no data processing takes place, however we inform you that such cookies are used by **"BOGDÁNY PETROL" Termelő, Szolgáltató és Kereskedelmi Kft.** (seat: H-4511 Nyírbogdány, Gyártelep 929/1. hrsz.; company registry no.: 15-09-066246). In the case of third party cookies (see below), the controller of your personal data is Google.

ISO 9001 – ISO 14001

What is a cookie?

A cookie is a small file of letters and numbers sent from our webserver in order for your browser or device used for browsing to store it.

The information cookies contain is stored for a specific amount of time depending on the cookie type and after said time elapses, it is erased automatically.

Each and every cookie serves a specific purpose. Their operation is usually associated with ensuring the proper functionality of the website, or certain additional functions.

Types of cookies used on the website

1. Essential cookies

We use session cookies to ensure the adequate functioning of our website. These are necessary for the proper technical operation of the website and serve purposes such as allowing navigation on the website or displaying certain graphic features.

These cookies are indispensable for the proper functioning of the website therefore cannot be switched off, as without them, certain website functions would not work.

However, these cookies do not collect information that could qualify as personal data therefore their usage does not constitute data processing.

2. Cookies deployed by third parties

As regards third party cookies, our website uses Google Analytics. The purpose of this cookie is to monitor website traffic and usage and to compile statistics and reports there on.

We note that concerning the use of Google Analytics, it is Google and not our company that qualifies as data controller, therefore, information on the data processing related thereto is available from Google.
